

Program

17:00 - 17:25 Benjamin Weiss

AK Schleiff, Goethe-University

rRNA processing in *Arabidopsis thaliana* - two alternative pathways

17:25 - 17:50 Michaela Müller McNicoll

AK Müller McNicoll, Goethe-University

How cells get the message – post-splicing functions of SR proteins

17:50 - 18:00 Break

18:00 - 18:25 Marie-Luise Winz

AK Jäschke, Heidelberg

NAD-linked RNA: Discovery, Characterization and Functions

18:25 - 18:50 Hannah Steinert

AK Schwalbe, Goethe-University

Ligand-Dependent Refolding Kinetics Regulate Gene Expression in
Transcriptional Riboswitches

Pizza & Drinks
