

## Program

17:00 - 17:25 Guiseppe Militello

AK Uchida, Goethe-University

An evolutionary-conserved novel long non-coding RNA Myolinc regulates muscle differentiation

17:25 - 18:00 Claudia Grytz

AK Prisner, Goethe-University

Structure and conformational flexibility of DNA molecules determined by pulsed EPR spectroscopy

18:00 - 18:10 Break

18:10 - 18:35 Simon Trowitzsch

Structural Biology of RNA-Protein Complexes

AK Tampé, Goethe-University

Tba

18:35 - 19:00 Matthias Leisegang

AK Brandes, Goethe University

The lncRNA MANTIS controls the angiogenic function of endothelial cells

19:00 Pizza & Drinks
